Hegel’s Full Work then Done in Meta-physics Daily in Acting Especially – 1812

By Malone Stephenson

I. Act out Hegel

Just keep acting like Hegel.

II. The Voice

Can be changed and can be meta-physics, or different approaches to daily talking and even news journalist like speaking.

III. Acting it Out More

Be far out. Just be like a cool person and address the works or any work in Hegel.

Note by G.W.F Hegel (1814)

I argue it can just be called Des Geistes.

I also mean cover –

Philosophy of Nature

Philosophy of Spirit

Philosophy of History

One remark – Only a Schellingian is true to art (Fine Art Lectures, one edition)
